Question:
What type of setting do you prefer to live in: a big city, along the sea, or in the mountains? Support your answer with specific details.

Answer:
I would prefer to live in a city along the sea because of several reasons. Firstly, I wouldn't be able to live in a big city because of all the crowd and rush going on. I don't think I can keep up with the life in that kind of city. The major reason why I would prefer a city along the sea is I was born in that kind of city and I got used to it. I also think living in that kind of city would make me feel peacefully.
